

Bowls Wiltshire Jackets & Gilets

The next stage of the new Bowls Wiltshire clothing is the introduction of Jackets and Gilets, which replicate the shirt design and colours: they come with a choice of Elasticated or Velcro cuffs.

The current Ladies jackets and gilets are still valid for the next four years – to 2022, which is probably the life of them; it would be nice to think that teams getting to Leamington in 2022 – the year of the Commonwealth Games when the timing of the National Championships will be delayed will have the same jackets and Wiltshire will be clearly identifiable.
